

HOW MANY?

is THIS HOW I WILL COUNT THEM

What I had all the focus was a hall whit out an orange that ther was a

I did...
 $1+3+5+4+5+5+3+1=27$

My DAD's thinking

My DAD said that is better counting Vertical I think eveybody will do that so I change things up

my thinking

my strategie
I think K is better Than Counting vertical or one by one.
